Our curriculum is kept up to date to meet the evolving needs of global industry. The programme structure, progression rules, and assessment policies in this handbook are your guide; please read them carefully and plan ahead.

As you begin, make the most of every opportunity: participate actively in class, explore new interests, step outside your comfort zone, and treat challenges as chances to grow. This is your time to discover your potential, build lifelong friendships, and shape your future. Meet your academic advisor, use our learning resources and student services, and take advantage of skills workshops, industry talks, international mobility, and student societies. If you face difficulties, seek support early; our team is here to help you thrive.

Our lecturers bring both research and industry experience into the classroom, and we encourage you to think and act globally through student exchanges, short-term mobility, international competitions, and community engagement. Ethical conduct, sustainability, and responsible leadership are integral to how we learn and work together at FBEC. We are delighted to have you with us.
